

Must-see spots

Café and Restaurant

The OIST cafeteria and restaurant offer delicious food and beverages along with panoramic ocean views.

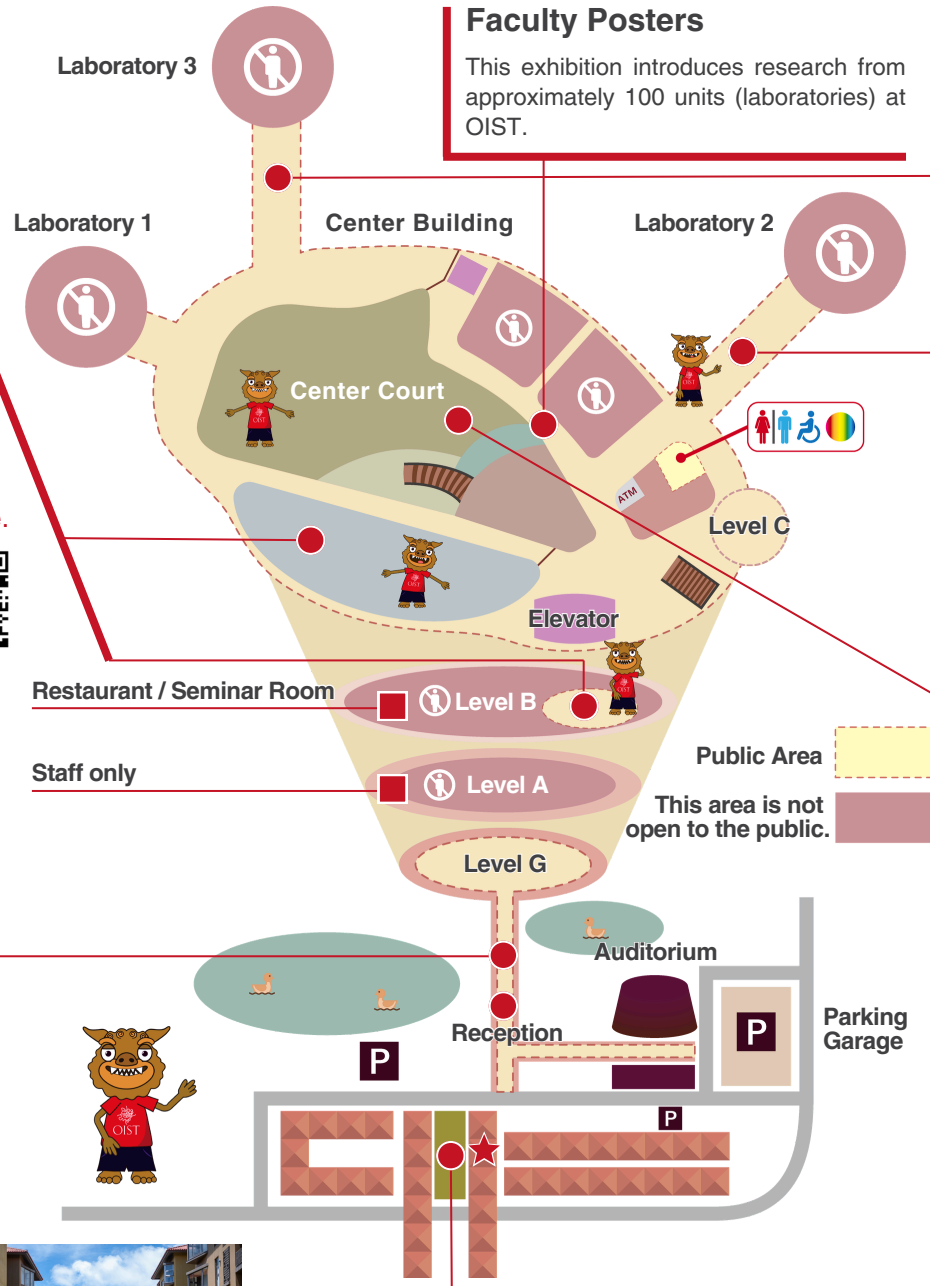

- Café (Level C)
- Restaurant (Level B)
- Aeon OIST Store ★

The cafeteria is very busy during lunch time. Thank you for your understanding.

OIST Gallery (Tunnel)

The OIST Tunnel Gallery features videos and images showcasing OIST's projects, research, and laboratory spaces.

Village Center Courtyard

This is a great photo spot with a breathtaking view of the sea in Onna Village. **The residential area is not open to visitors.**

Skywalk

The 63-meter-long Skywalks connect the Center Building with the surrounding Laboratory Buildings. Their unique suspended beam construction requires no support columns, helping preserve the natural environment below.

Note: The laboratory buildings beyond the Skywalks are not open to the public.

Dr. Sydney Brenner's Statue

Dr. Sydney Brenner won the Nobel Prize in Physiology or Medicine in 2002 and served as President of the Okinawa Institute of Science and Technology Promotion Corporation, the predecessor of OIST, from 2005 to 2011. In recognition of his contributions, this statue was presented to OIST by Okinawa Prefecture.

The statue is located in the courtyard (Center Court) in front of the café.
