Relocation Flow Post Arrival

It takes about two to four weeks for your relocation to be completed—the relocation schedule changes depending on the house hunting situation or available move-in day.

If your move-in day exceeds the maximum stay of OIST temporary accommodation, please find Airbnb, a monthly apartment, or a hotel until your move-day.

Once your relocation is complete, please contact Resource Center for assistance and inquiries.

Map of Okinawa

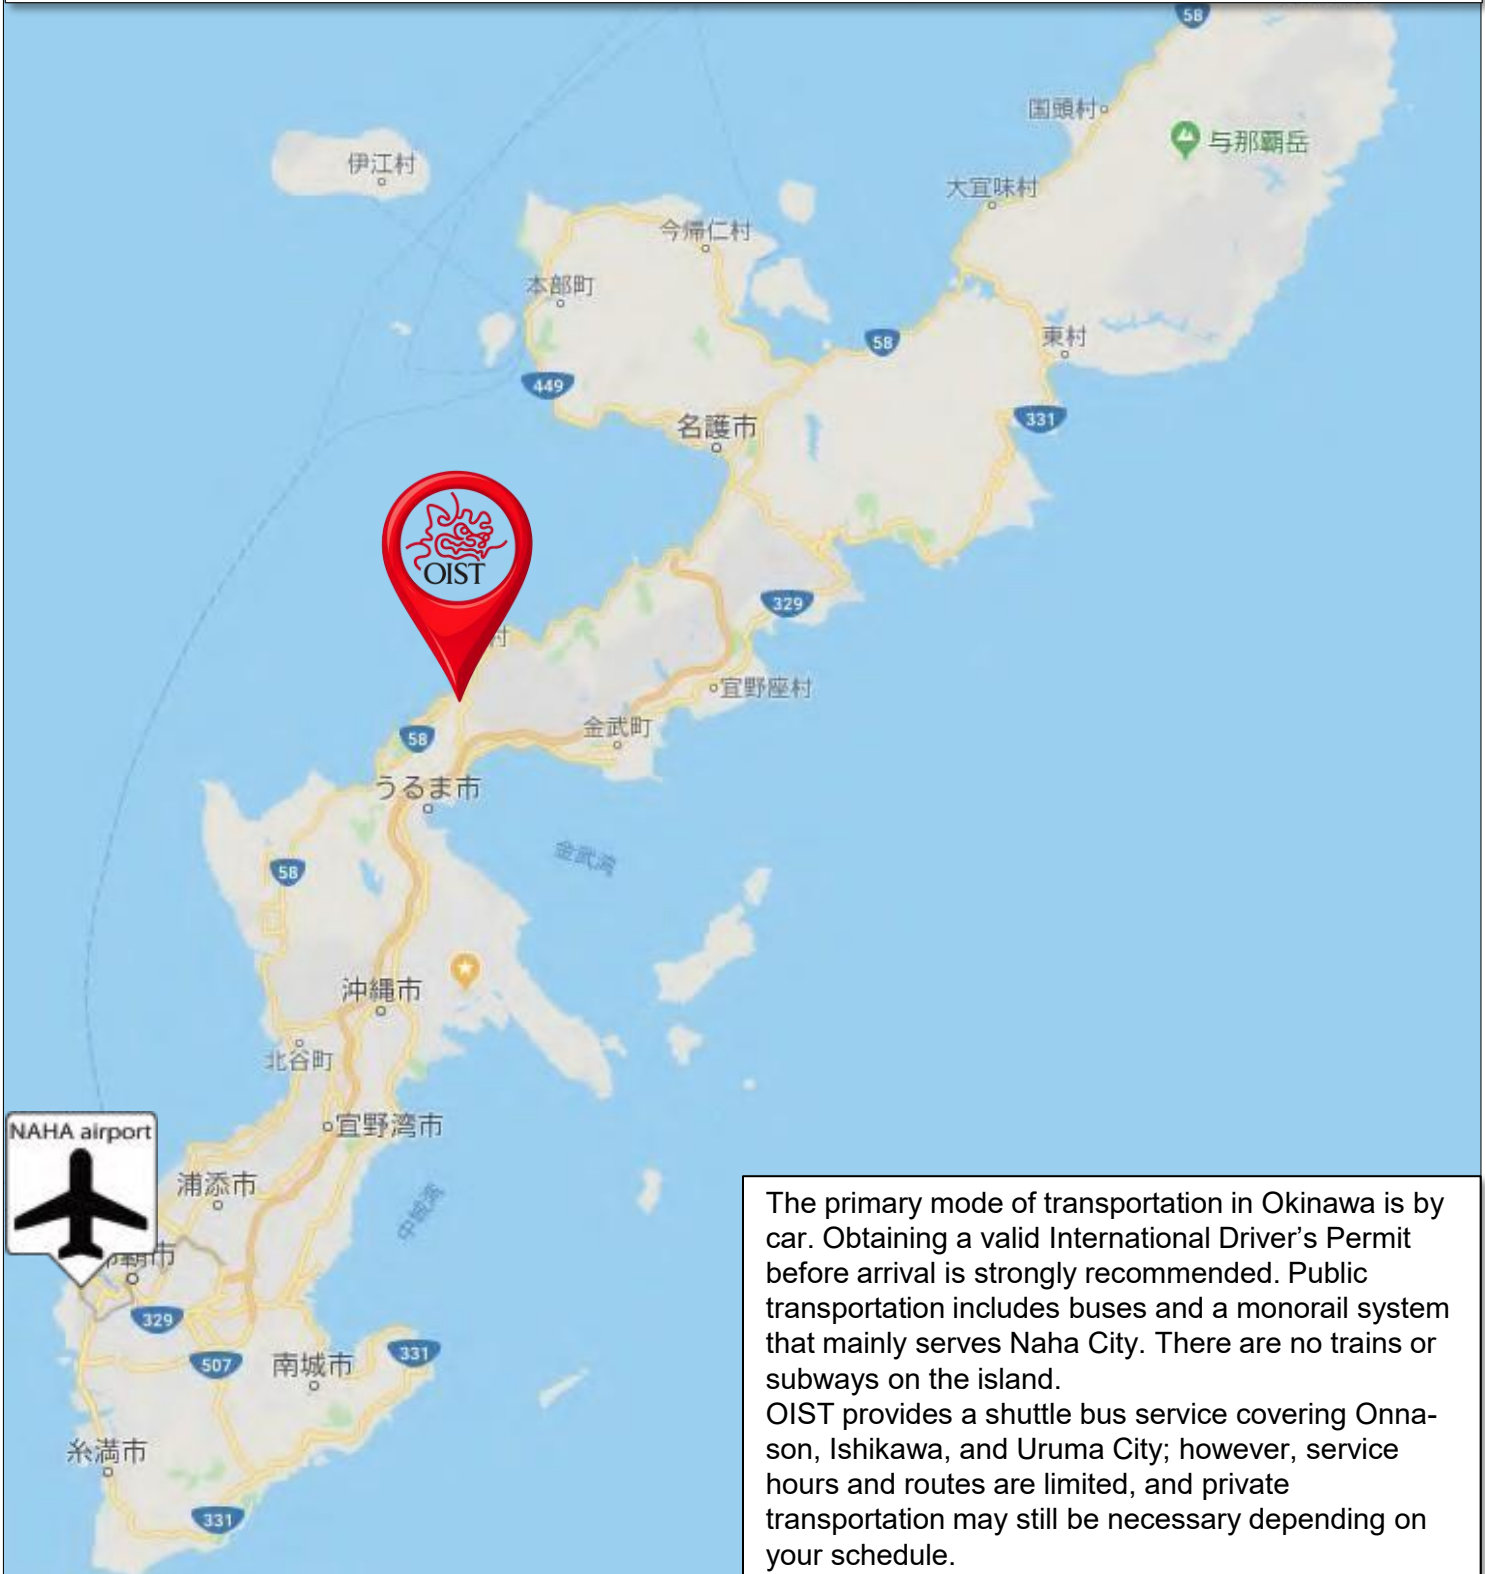

Mensō-re!

“Mensō-re” means “Welcome” in the Okinawan dialect.

This map shows Okinawa Island and the surrounding areas of OIST to help you become familiar with the geography of the region. Okinawa is the southernmost prefecture of Japan, known for its rich natural environment and subtropical climate.

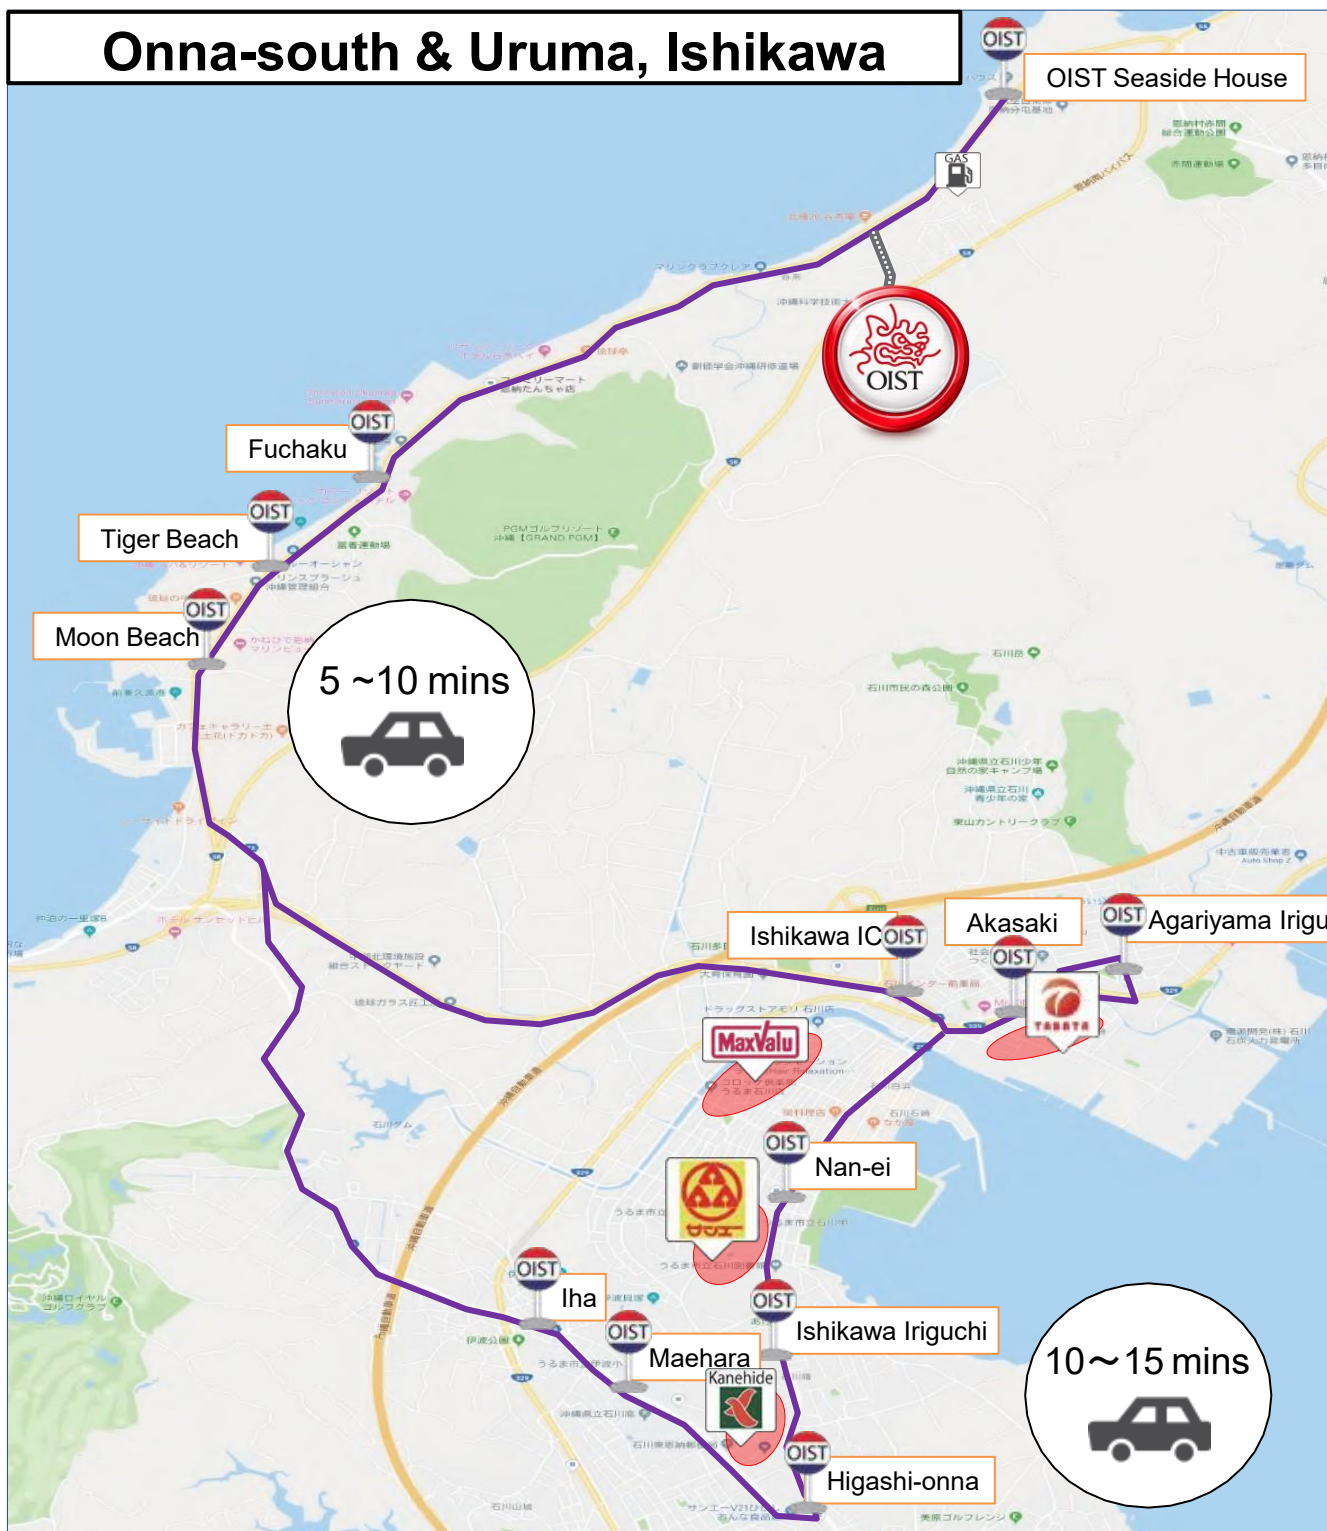

The average annual temperature is around 22° C. Summers are hot and humid, while winters are generally mild, and snow does not fall. Typhoon season typically runs from July to October.

Okinawa Island is approximately 100 km from north to south, which corresponds to about 1.5–2 hours of driving. The population is approximately 1.4 million. **OIST is located in Onna-son, along the central west coast of the island, about 60–90 minutes by car from Naha Airport.**

The primary mode of transportation in Okinawa is by car. Obtaining a valid International Driver's Permit before arrival is strongly recommended. Public transportation includes buses and a monorail system that mainly serves Naha City. There are no trains or subways on the island. OIST provides a shuttle bus service covering Onna-son, Ishikawa, and Uruma City; however, service hours and routes are limited, and private transportation may still be necessary depending on your schedule.

Onna-south & Uruma, Ishikawa

Ishikawa Area

Ishikawa is one of the most convenient residential areas near OIST.

The **San-A Ishikawa City** shopping complex includes an electronics store, a bakery, and several restaurants.

In addition, **Tabata Shopping Center**, one of the largest home improvement stores on the island, offers groceries, electrical appliances, and a wide range of daily household items.

The areas highlighted in **light red on the map represent major shopping areas**, where supermarkets, convenience stores, and other daily services are concentrated, making everyday life more convenient.

Onna-son

Onna-son is a quieter and more residential area, but shopping options are more limited compared to Ishikawa.

Yomitan-son

Yomitan-son is quieter than urban areas such as Uruma City and Okinawa City, as it is located farther from the expressway exits. The area is known for its beautiful beaches and popular diving spots, making it attractive for those who prefer a calm living environment close to nature. Yomitan-son also has two major shopping areas, providing access to supermarkets, retail stores, and daily necessities, which makes everyday life convenient despite its quieter atmosphere. Until recently, OIST shuttle bus service did not cover this area. However, starting in February 2026, the OIST Yomitan shuttle line began full operation. Although the number of services is currently limited, the timetable is designed to support commuting to and from OIST. For those who commute by car, traffic on the main road between Yomitan-son and Onna-son is generally light, except during the evening rush hour.

Uruma City

35 ~40 mins

Okinawa City

50 ~60 mins

60 ~ mins

Uruma City and Okinawa City are among the most developed and urbanized areas in central Okinawa. These areas are well suited for those who are accustomed to city life and prefer easy access to large shopping facilities, restaurants, and medical services. Please note that the main roads in these cities are often heavily congested during the morning and evening rush hours. As a result, commuting to OIST by car from most locations in these areas typically takes **30 minutes or more**, depending on traffic conditions. In **Okinawa City**, **AEON Mall Rycom**, one of the largest shopping malls on the island, offers a wide range of retail stores, restaurants, and entertainment options. In **Uruma City**, **San-A Main City Gushikawa** is a popular shopping destination, providing convenient access to restaurants, supermarkets, and electronics stores. Both cities are equipped with general hospitals that provide **24-hour emergency medical services**, offering reassurance for daily life and family living.

<p data-bbox="152 1205 342 1232">Driver's License</p> 	<p data-bbox="707 1205 1513 1265">JAF is a shortened word for Japan Automobile Federation. It is a public service organization that provides various services to drivers.</p> <p data-bbox="707 1265 1513 1379">You can obtain an official translation of your original license for <i>Gaimen Kirikae</i>, switching a foreign driver's license to a Japanese one except for the seven countries: Switzerland, Germany, France, Belgium, Monaco, Estonia, and Taiwan.</p> <p data-bbox="707 1379 1496 1494">Okinawa Prefectural Driver's License Center is located in Tomigusuku city. To complete Gaimen Kirikae, you may need to go there to take an aptitude test, a written test, and a practical test depending on your license-issued country.</p>
<p data-bbox="152 1515 275 1542">Hospitals</p> 	<p data-bbox="707 1515 1480 1717">Onna Clinic is a small-sized hospital that is located near the Onna elementary school. Typically, only one physician/Pediatrician stays, so it tends to get very crowded. Chubu Clinic (Okinawa Chubu Hospital) is a large-sized prefectural general hospital with an emergency medical care center in Uruma city. Many doctors can speak English. Nakagami Clinic (Nakagami Hospital) is also a large-sized hospital with an emergency department in Okinawa city. It recently moved to a new building.</p> <p data-bbox="707 1717 1480 1777">There are other small/mid-sized hospitals near OIST. Please contact our Health Center for more information.</p>
<p data-bbox="152 1802 248 1829">Schools</p> 	<p data-bbox="707 1802 1506 1940">Onna Elementary School is a local public school. It has an international class where they taught math and Japanese in English. But the lessons are complementary to develop a minimum necessary academic ability. Therefore, the quality and system are not equivalent to international schools.</p> <p data-bbox="707 1940 1520 2027">OCSI is short for Okinawa Christian School International, located at Yomitan. It has a Christ-centered learning environment with an American-style program in English.</p> <p data-bbox="707 2027 1503 2114">AMICUS is located at Uruma city and provides a rich learning environment that helps develop a global mindset. English is used as the medium of communication and instruction for daily activities.</p>

Liability Insurance (任意保険)

There are two types of car insurance in Japan. One is compulsory insurance, 自賠責保険 Jibaiseki Hoken, and the other is liability insurance, 任意保険 Nini Hoken. Compulsory insurance only covers a limited amount. You will be in financial trouble if you have an accident without voluntary insurance. Liability insurance has many options to cover different accident cases such as property damage, personal passenger accident, and vehicle damage. On the Policies, Rules, and Procedure of OIST, the mandatory coverage shall fulfill the following conditions:

- 1) Body injury liability insurance: unlimited.
- 2) Property damage liability insurance: unlimited.

JCI: Japanese Compulsory Insurance Inspection

JCI is the vehicle safety inspection required by law to drive a car on public roads in Japan. Every car must take the Shaken Inspection every 2 years, 3 years for brand-new cars.

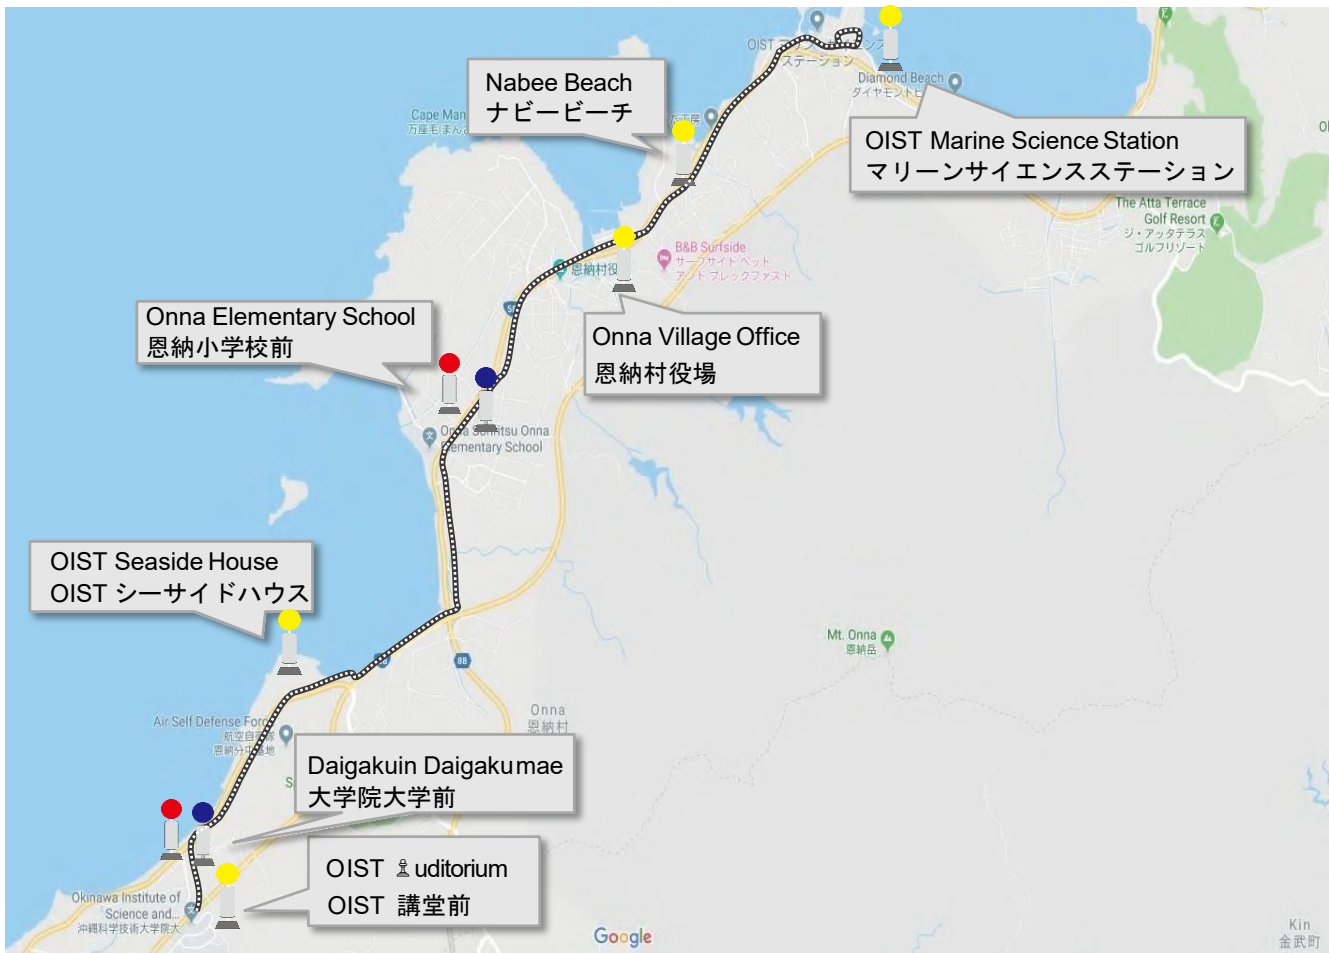

Driving a car on the streets without JCI and Compulsory Automobile Liability Insurance (CALI) is a criminal and punishable by imprisonment up to 1 year and 6 months or a fine up to JPY800,000, and your driver's license is suspended for at least 90 days. If you cause an accident by a car without the Shaken and CALI, in a worst-case scenario, you may be arrested since it is a criminal act.
