

Okinawa Institute of Science and Technology

Postdoctoral Researcher in Representation Theory and Algebraic Combinatorics Unit

The Okinawa Institute of Science and Technology Graduate University (OIST; see www.oist.jp) is a dynamic new graduate university of science and technology in Okinawa Prefecture, Japan. The university is located on 85 hectares of protected forestland overlooking beautiful shoreline and coral reefs. The campus is striking architecturally, and the facilities are outstanding ([OIST campus video tour](#)). There are no academic departments, which facilitates multidisciplinary research. Outstanding resources and equipment are provided and managed to encourage easy access and collaboration. English is the official language of the University, and the university research community is fully international, with more than 50 countries represented. OIST is rapidly gaining recognition in the worldwide academic community as a model for excellence in education and research.

Position summary:

Postdoctoral Researcher in Dr. Liron Speyer's Representation Theory and Algebraic Combinatorics Unit.

Working Location:

1919-1 Tancha, Onna-son, Okinawa, Japan 904-0495

Responsibilities:

1. Engage in ongoing and active independent research.
2. Participate in the activities of the Representation Theory and Algebraic Combinatorics Unit.

Qualifications

(Required)

1. PhD in Mathematics.
2. Speaking/Listening Proficiency in English.

Report to:

Dr Liron Speyer/Representation Theory and Algebraic Combinatorics Unit

Starting Date:

September 1, 2021

Term & Working hours:

Term: Full-time, fixed term appointment for 2 years in the first instance. This contract may be renewed up to a total of 3 years.

Working hours: 9:00-17:30 (Discretionary)
