DATE: Friday June 1st  
TIME: 16:00 – 17:00 (Tentative)  
VENUE: C210  
SPEAKER: Kozo Kubo Ph.D.  
Nara Institute of Science and Technology (NAIST)  
Center for Industry Government Academia Collaboration  

TITLE: Industry-Government-Academia (IGA) Collaboration  
in NARA Institute of Science and Technology (NAIST)  

ABSTRACT:  
The seminar will look at the academic engagement with industry in case of Industry-Government-Academia (IGA) Collaboration in Nara Institute of Science and Technology (NAIST). NAIST established the Center for Industry-Government-Academia Collaboration and engaged in the active promotion of joint research, commissioned research, technology transfer and other related activities, on becoming a national university corporation. As a result, NAIST has achieved top results nationwide. NAIST received the highest evaluation for the MEXT-sponsored “Developing of University Intellectual Property Headquarters Project (2003-2007)”, and also the highest midterm evaluation for the “Innovation System Improvement Project (2008-2012)”. Dr. Kubo will explain the key function.  

Speaker’s Profile  
Dr. Kubo is a Patent Attorney, a Professor of the Center for Frontier Science and Technology, and a Vice Director of the Center for Industry-Government-Academia Collaboration in NARA INSTITUTE of SCIENCE and TECHNOLOGY, National University Corporation.
